## **Assessor Instructions**

Ascentis provides the source texts that accompany this assessment.

The assessment will take the form of a one to one exchange between the assessor and the candidate. The assessment will be led by the assessor who reads out the questions to the candidate.

The assessor may read out questions to the candidate more than once and is permitted to rephrase questions if required, provided that this does not lead the candidate to the answer.

The candidates are not required to write down their answers for the Reading assessment and can respond to the questions through their normal method of communication.

The assessor is **not** permitted to read out the source texts to the candidate.

**Candidate responses and marks must be recorded during the assessment on the mark sheet, together with any relevant assessor comments.**
